Sir:

The above patent application Serial No. 10/637,099 issued as U.S. Pat. No. 7,183,302 on February 27, 2007. Applicants hereby request a certificate of correction for the clerical, typographical, and/or minor errors set forth on the form PTO/SB/44 attached hereto. Remarks regarding the corrections are set forth below on page 2.

REMARKS

Each of the errors is depicted in Table 1. Certain errors occurred through the fault of the USPTO, for which correction is sought under 37 CFR 1.322, and certain errors occurred through the fault of the Applicants in good faith for which correction is sought under 37 CFR 1.323. Applicants submit these corrections present no new matter and do not require reexamination, as it is clear from the patent document itself that each of the errors is of a typographical, clerical, and/or minor nature. Remarks regarding each of the corrections follow the Table.

Table 1

Error Number	Claim Number and/or Column and Line Number	Error	Correction
1	column 11, lines 25-45	The structure of compound C is drawn incorrectly.	The structure was corrected.
2	claim 9, column 97, lines 25-45	The structure of compound C is drawn incorrectly.	The structure was corrected.
3	claim 9, column 100, line 66	The word “diastereomer” is misspelled as “distereomer”.	The spelling was corrected.
4	claim 10, column 101, line 20	The term “H” is missing in the statement “R’ is or a bond”.	The wording was corrected to read “R’ is H or a bond”.
5	claim 10, column 101, line 30	An extra period appears in the claim.	The period was replaced with a semi-colon.

Errors 1 and 2 are typographical in nature and occurred through the fault of the USPTO. This is apparent in comparing the text found in the original specification with the printed patent.

Errors 3, 4, and 5 are clearly typographical and occurred through the fault of the Applicants.

On account of the corrections Applicants request pursuant to 37 CFR 1.323, the Commissioner is authorized to charge the fee due under 37 CFR 1.20(a) to Deposit Account No. 19-3880. Additionally, the Commissioner is authorized to charge any additional fee that may be required for this request to the aforementioned Deposit Account.
